

Homes that receive a treatment recommendation **based solely on Conductive Conditions** are eligible for a WDI Suppression Treatment that includes a 1 year transferrable warranty for Subterranean Termites & Carpenter Ants for only **\$249.00**. **This treatment eliminates the need to correct conducive conditions and includes a new clear WDI report.**

Homes that receive a recommendation based on an **active or previous infestation** will receive a treatment proposal **Between \$300-\$700** that includes a 1 year warranty. Please review and forward this important information to your Realtor and/or mortgage lender.

Homes that receive **no recommendation** for treatment are eligible for a whole house warranty (**starting at \$150**) that covers the cost of treatment should a hidden or new live infestation be discovered in the home within 1 year. This offer is valid up to 60 days after your initial report was issued.

Buyers should read the "Scope of Inspection" disclosure language on the WDI form. This report is NOT a warranty as to the absence of wood destroying insects or damage of any kind.
